<b>SHIPPING INFO</b>			
<p>We typically ship same day - average shipping time is 3 days depending on location. Close Midwest locations often receive their packages next day. We use UPS Ground for almost all of our shipments, this is our standard shipping. We do accommodate for faster deliver (Next Day Air and 2nd Day air). Average price for shipping is right around 20 dollars per package.</p> <p>Prices do not include Iowa Tax or shipping (no tax for out of state) <b>FREE SHIPPING</b> on an order of 500 or more, 5% off on an order of 1,200 or more + <b>FREE SHIPPING</b>, additional 2.5% (7.5% total) and <b>FREE SHIPPING</b> on an order of 2,400 or more. <b>PLEASE SPREAD THE WORD AND FOLLOW THE SOCIALS!!!</b> Working on inventory as things go on, some stuff I am very content with, certain things have a huge lead time, there are a few things I can get within a few days though! My goal is to have a huge inventory, when you order I want to have it! I do not want to be known for running out or not having product on hand, that was a frustration for me which is what helped create this. I will be working towards more distribution offers in the future. *Free Shipping applies to Continental US (excludes 5/30 and 55 gallon drums).</p>		SUBTOTAL	\$0.00
